I. Introduction

I, Justin Jullian Liston, hereinafter "Affiant," submit this sworn affidavit as a lawful and truthful record of systemic cybernetic and electromagnetic warfare perpetrated against civilians, including the unlawful death of Doug Force, and the deployment of radiological and RF technologies under military-industrial secrecy.

II. Backscatter X-Ray Vans — Covert Radiological Surveillance

Patents Cited:

- US 7,099,434 B2 – "X-ray backscatter mobile inspection van system"
- US 2013/0343520 A1 – "Systems for mobile X-ray scanning inside vehicles"

Operators: NYPD, U.S. Department of Homeland Security, military police

Facts:

- Z Backscatter Vans are used to scan vehicles and civilians through walls, without consent or knowledge.
- Ionizing radiation emitted poses serious health risks.
- Deployments are classified and violate the Fourth Amendment and natural rights.

Legal Breach:

- Warrantless surveillance constitutes unlawful search and seizure.
- Exposure to radiation without consent = assault and battery.

III. Smart Meters and RF Frequency Assault

Patents Cited:

- US 6,025,725 – "Remote monitoring and control of electrical usage"

- US 8,457,071 – "Remote utility metering with RF communications"

Facts:

- Smart meters emit pulsed RF radiation known to cause neurological damage, heart arrhythmias, sleep disruption.
- Citizens report elevated health problems following installations.
- EMF radiation exceeds safe biological thresholds (BioInitiative Report).

Legal Breach:

- Non-consensual RF exposure is bodily trespass.
- Smart grid deployment under utility mandates violates Nuremberg Code and UCC 1-308.

IV. Death of Doug Force — Evidence of Targeted Electromagnetic Warfare

Deceased: Doug Force, founder of *The Myth is Canada*

Facts:

- Force publicly declared state illegitimacy under de facto authority.
- Experienced EMF harassment consistent with known tactics of electronic warfare.
- Sudden and suspicious decline in health followed public disclosures.

Claim:

- Circumstantial evidence suggests RF weaponization contributed to his death.
- Demands forensic EMF audit of his residence and medical records.

V. Cybernetic Warfare Against Sovereign Populace

Technologies:

- Smart meters
- 5G antenna arrays
- Wi-Fi mesh surveillance
- Cell tower targeting

International Law Violations:

- UN Charter Article 7 – Crimes against humanity
- Geneva Conventions – Protection of civilians

- Natural Law – Inviolability of the human body

VI. Lawful Demands

I hereby demand:

1. Immediate **cease and desist** of all:
    - RF smart grid deployment
    - Mobile backscatter surveillance
    - Directed-energy operations targeting civilians
2. Full **international investigation** into:
    - The death of Doug Force
    - Deployment of RF and radiological weapons in civilian populations
    - Complicity of Crown and military institutions
3. Binding enforcement under:
    - Natural Law, Common Law
    - International Human Rights Law
